

TriCounty Link (TCL) is exploring a range of ideas to improve mobility across Berkeley, Charleston, and Dorchester Counties. The ideas described here are **concepts for discussion—not recommendations**. We’re asking for community feedback to help us understand what matters most before any decisions are made. **We are seeking your feedback on how services could change both in the near future (within 3 years) and in the long term (within 10 years).**

New Long-term (by 2035) service concept: On-Demand

Potential long-term schedule for this concept:

- This new on-demand service would **serve multiple neighborhoods along Maybank Highway on Johns Island between Fenwick Crossroads and Stono River in the east**. Service would be **available all week** and have operating hours similar to fixed-route service. **Riders would be able to travel anywhere within the zone** and connect to weekday hourly fixed-route service (C204) to James Island and CARTA.

Service Day	Proposed Maybank Hwy On-Demand	C204S	C204L
Weekdays (Monday-Friday)	7 AM – 7 PM	5:30 AM – 7:30 PM Hourly	7:30 – 9:30 AM 2:30 – 4:30 PM Two daily trips
Saturdays	9 AM – 5 PM	No Service	9 AM – 5 PM Every 2 hours
Sundays	10 AM – 3 PM	No Service	10 AM – 3 PM Every 2 hours

How can I provide feedback on these draft concepts?

TriCounty Link wants to hear from you! These draft concepts are ideas for potential near- and long-term transit improvements—not final recommendations. Tell us what you think by completing the online survey at <http://ridetricountylink.com/transitstudy> or by following this QR Code. Your input will help shape how TCL invests in future mobility options across the Tri-County region.
