

TriCounty Link (TCL) is exploring a range of ideas to improve mobility across Berkeley, Charleston, and Dorchester Counties. The ideas described here are **concepts for discussion—not recommendations**. We’re asking for community feedback to help us understand what matters most before any decisions are made. **We are seeking your feedback on how services could change both in the near future (within 3 years) and in the long term (within 10 years).**

New long-term (by 2035) service concept: On-Demand

Potential long-term schedule for this concept:

- This new on-demand service would **serve multiple neighborhoods near the US-17, US-176, and I-26 corridors**. Service would be **available 7 days/week** and have operating hours similar to fixed-route service. **Riders would be able to travel anywhere within the zone on-demand** and connect to two fixed routes serving Moncks Corner, Summerville, and Rivers Avenue Park & Ride.

Service Day	Proposed Sangaree/North Ladson On-Demand
Weekdays (Monday-Friday)	7 AM – 7 PM
Saturday	9 AM – 5 PM
Sunday	10 AM – 3 PM

How can I provide feedback on these draft concepts?

TriCounty Link wants to hear from you! These draft concepts are ideas for potential near- and long-term transit improvements—not final recommendations. Tell us what you think by completing the online survey at <http://ridetricountylink.com/transitstudy> or by following this QR Code. Your input will help shape how TCL invests in future mobility options across the Tri-County region.
