

TriCounty Link (TCL) is exploring a range of ideas to improve mobility across Berkeley, Charleston, and Dorchester Counties. The ideas described here are **concepts for discussion—not recommendations**. We're asking for community feedback to help us understand what matters most before any decisions are made. **We are seeking your feedback on how services could change both in the near future (within 3 years) and in the long term (within 10 years).**

New long-term (by 2035) service concept: Route D307

Long-term potential schedule for this concept:

- Route D307 would provide **all-day service between Moncks Corner and Summerville** along the US-17 ALT corridor. It would provide service 7 days/week with service operating at least every hour. Along the way, the route would connect with five on-demand zones and **link to several fixed-route services** that also operate every hour or better all day, every day.

Service Day	Existing CS2 & CS2B	Proposed CS3	Proposed D307	On-Demand
Weekdays (Monday-Friday)	5:30 AM – 7:30 PM 30-minute peak & hourly off-peak	5:30 AM – 7:30 PM Hourly	6 AM – 7:30 PM 30-minute peak & hourly off-peak	7 AM – 7 PM

How can I provide feedback on these draft concepts?

TriCounty Link wants to hear from you! These draft concepts are ideas for potential near- and long-term transit improvements—not final recommendations. Tell us what you think by completing the online survey at <http://ridetricountylink.com/transitstudy> or by following this QR Code. Your input will help shape how TCL invests in future mobility options across the Tri-County region.
